

Programme

SUNDAY 30 NOVEMBER 2008

19.30 Welcome Reception (Grand Hyatt Hotel)

MONDAY 1ST DECEMBER 2008

EPIDEMIOLOGY

- 9.00-9.30 Introduction and review of new publications since first workshop.
Gene Pranzo and Dave Marlin
- 9.30-10.15 Risk factors for EIPH among National Hunt racehorses in training.
Jackie Cardwell
- 10.15-11.00 Prevalence of EIPH in a population of Standardbred trotters: poor vs good performance.
Anne Courouce-Malblanc
- 11.00-11.30 **Coffee**

UPPER AIRWAYS

- 11.30-12.15 EIPH and upper airway disorders.
Sam Franklin
- 12.15-1.15 *Discussion*
Are treadmill and field studies on EIPH consistent?
Do we have the necessary tools to investigate EIPH?
- 1.15-2.15 **Lunch**

CARDIOVASCULAR SYSTEM AND EIPH

- 2.15-3.00 TBC
Mary Durando
- 3.00-3.45 EIPH combination medications in North America: observations from a racetrack study.
Rik Birks
- 3.45-4.15 **Tea**
- 4.15-4.30 Discussion

TUESDAY 2ND DECEMBER 2008

9.00-9.45 Clinical data on EIPH in horses from all equestrian disciplines and the relationship between EIPH, BALF cytology and respiratory functional tests in these horses.
Emmanuelle Vanerck

9.45-10.30 *Discussion*
Impact of EIPH in training vs racing: Are they the same?

10.30-11.00 **Coffee**

11.00-12.00 *Discussion*
Where are the gaps in our knowledge concerning EIPH?

NEW CONCEPTS IN EIPH

12.00-12.45 EIPH: is it really haemorrhage?
David Marlin

12.45-2.00 **Lunch**

2.00-2.45 Biomarkers for EIPH in blood.
Montague Saulez

2.45-3.30 EIPH in horses: is the blood vessel stupid!
Fred Derksen

3.30-4.00 **Tea**

4.00-4.45 Platelet-activating factor is involved in the pulmonary inflammation of exercised young racing Thoroughbred colts.
Pedro Michelotto

4.45-5.30 Contribution of pro-inflammatory enzymes in EIPH: could the neutrophils play a role in the pathogenesis of the condition?
Dominique Votion

5.30-6.00 *Discussion*

7.30 Meet in hotel lobby

8.00 Workshop Dinner

WEDNESDAY 3RD DECEMBER 2008

TREATMENT OF EIPH

- 9.00-9.45 Evaluation of the efficacy of furosemide in reducing EIPH in Thoroughbred racehorses in Brazil.
Fernanda Costa
- 9.45-10.30 Effect of furosemide and furosemide-carbazochrome combination on EIPH in Standardbred racehorses.
Laurent Couetil
- 10.30-11.00 **Coffee**
- 11.00-11.45 Review of alternative therapies for EIPH.
Tammi Epp
- 11.45-12.45 *Discussion*
Future priorities for EIPH research?
- 12.45 Close of meeting followed by lunch
